

DIVINE PROVIDENCE HOME

Our dear Babies and parents,

Congratulations and greetings from Nirmala sisters and children (Divine providence home for mentally and physically challenged)

Above the present providence home

Heartfelt thanks for your Contribution and hard work towards installing the water tank. Because of you we drink pure and uncontaminated water, otherwise salty and unhealthy water we used to drink

May God Bless you.

Welcome to our home. **BENVENUTI KENYA**

The first 4 children with late Sr Mercy

God created us in different way but in his own image, so we are called children of God, our children looks funny but they have good and kind heart, they love everybody. They speak their own way.

We praise Lord for our parents and our intelligent and beauty.

We always rejoice in lord for his beautiful creation

Welcome dance by providence children
